Education

CareerFoundry

UX Design Student, Nov 2021 - May 2022

- Completed 65 extensive tasks to explore design process details and applied it to my projects;
- Conducted research, created user flows, site map and information architecture to understand the problem and provide the solution;
- Developed my ideas from paper prototypes to high-fidelity prototypes to test the ideas and provide market-competitive apps.

VSU named after P.M. Masherov

Bachelor's degree, Romano-Germanic Philology, 2015 - 2020

English and German languages teacher.
English literature teacher. Interpreter/translator.

Experience

AndersenLab

Team Lead, Assist. to Head of Bus. Development, Oct 2020 - Jul 2022

- Assisted Business Development Managers in defining our target audience, creating presentations and documents for the meetings;
- Led CA Specialists team (up to 10 people), onboarded and coached colleagues to help them grow and provide qualitative service.

Customer Acquisition Specialist, Feb 2017 - Jul 2022

- Improved department performance by introducing workflow methods;
- Outreach to prospective customers via email & social media;
- Discovered synergies, explored customers pain points, found solutions.
